

DATEC'S CONSUMER GUIDE

Datec ISP offers corporate, residential and office internet solutions. Our internet services are available in Port Moresby and Lae. Where there is line of site to Datec repeater site, setup will be carried out and a link is commissioned. This link will give direct internet access through Datec's network. A potential customer enquires or is made known about Datec's internet services through media advertisements, brochures, or reference. All terms and conditions are stated in Datec's sign up/application form when customer requests to sign up with Datec's internet services.
