

## DATEC'S CONSUMER GUIDE

Datec ISP offers corporate, residential and office internet solutions. Our internet services are available in Port Moresby and Lae. Where there is line of site to Datec repeater site, setup will be carried out and a link is commissioned. This link will give direct internet access through Datec's network. A potential customer enquires or is made known about Datec's internet services through media advertisements, brochures, or reference. All terms and conditions are stated in Datec's sign up/application form when customer requests to sign up with Datec's internet services.

### CONTACT US TODAY

Customers are able to call our office on **+675 303 1333** hotline numbers **+675 7649 1037** and **+675 7236 9522**, email to our concierge at [concierge.datec.net.pg](mailto:concierge.datec.net.pg), or call or send an email to any of our customer service officers or technical support team should they face any issues, require our assistance or would like to lay a complaint in relation to our internet services.
